

CHAPTER 7:

USER-INITIATED

REPORTS

PURPOSE

In this chapter, you will learn how to request each of three reports via the on-line ASAP system.

OVERVIEW

There are three reports which you may request via on-line screens in the ASAP system for fax delivery to your organization within 24 hours.

- < The **Account Settlement Report** provides historical account activity information on individual ASAP accounts for a date range of any length.
- < The **Report of Accounts with End Dates** lists all of your organizations ASAP accounts which have an End Date, or last draw date, specified in the account profile.
- < The **Cash Management Report** provides summary information sorted by ALC/Recipient ID/CFDA or ALC/Recipient ID/Account ID up to 367 calendar days.

The other reports on the Report Request Menu - Data Retrieval and Debit Vouchers/Deposit Tickets Summary Report - are for Federal Agency use only.

A complete description of each ASAP report is provided in the following sections.

GETTING STARTED

Each of the user initiated reports is available for request through the Report Request Menu option on the ASAP Main Menu. See the example on the following page.

ACTION:

On the Main Menu, type 6 for Report Request Menu and press Enter.

SECTION 7.1

ACCOUNT SETTLEMENT REPORT

The Account Settlement Report supplements the on-line Account Statement Inquiry feature in ASAP. Each allows you to view activity against any of your ASAP accounts, but the information is slightly different in each.

The Account Settlement Report presents the beginning balance, ending balance, and transactions that affected an ASAP account's available balance for a specified time period. You may request the Account Settlement Report for **any period of time** in the account's history, provided the period does not extend beyond the current date. You may request the entire history for an account at once, from the date of the first account activity up through the current date, or you may specify a date range of any length from a single day upward in the account's existence. The lack of restrictions on date range is **one key difference** between the Account Settlement Report and the Account Statement Inquiry.

Transactions displayed on the Account Settlement Report include **applied authorizations** (increases and decreases), **settled payment requests**, **book entry adjustments**, and **returned payments**. The transactions appear in ascending order according to the date and time associated with the transaction, as described below.

Authorization transactions are shown on the Account Settlement Report by **applied date**, which is the date on which the transaction updates an account's available balance in ASAP. Increased authorizations appear as **positive** amounts, and decreased authorizations appear as **negative** amounts. Authorization transactions effective on a future date do not appear on the Account Settlement Report. Future-dated authorizations may be viewed using the Authorization Transaction Inquiry feature.

Payment transactions or draws are reflected on the Account Settlement Report when the payment has settled at the receiving financial institution. Use of the **settlement date** for draws on the Account Settlement Report is **another key difference** from the Account Statement Inquiry, which uses the date the payment request was approved in ASAP. Also, on the Account Settlement Report ordinary draws appear as **negative** amounts because they represent an amount moving out of an ASAP account, whereas "negative draw" adjustments appear as **positive** amounts because they represent amounts moving into an ASAP account.

Book Entry Adjustments, which move funds between ASAP accounts within a given ALC/Region, are also reflected in the Account Settlement Report. A book entry increase to the available balance of an account appears as a **positive** amount, and a book entry decrease to the available balance appears as a **negative** amount.

Interstate Authorization Transactions are used by the Unemployment Trust Fund and are discussed in a supplementary manual.

Returned Payments are ASAP payments returned to the ASAP system by a receiving financial institution. Returned Payments are shown on the Account Settlement Report on the date the returned payment was **classified** by an RFC to the ASAP account. The classified date of a returned payment may or may not be the same as the date the returned payment was received by the ASAP system. Classified returned payments appear as **positive** amounts. The RFCs have the ability to reclassify a returned payment if it was incorrectly classified initially. Returned payments that are reclassified INTO an account will be positive amounts and returned payments that are reclassified OUT of an account will be negative amounts.

REPORT AND SCREEN FIELDS TO NOTE

The following fields appear on the Account Settlement Report and/or the prompt screen:

- < **From** and **To** dates - On the prompt and the report, this is the date range for which you request an Account Settlement Report. If you want to see the entire history of an account on the report without specifying a date range, type “all” in the field labeled **ALL** on the prompt.
- < **Fax or Bulkdata** - On the prompt, this indicates the method by which you will receive the report:

If you specify “F” for fax and provide a fax number, the report will be sent to that fax machine.

The report will be delivered to your fax machine within 24 hours of your request.

- < **Trans** - On the report, this column indicates the transaction type of an amount. Values are:
 - AU** - applied authorization transactions
 - PY** - settled payment requests
 - BE** - posted book entry adjustments
 - RP** - classified returned payments
 - IT** - interstate authorization transfers
- < **Balance** - On the report, this column indicates the **actual** balance of funds in the ASAP account as of the date shown.

The following Example illustrates how to request an Account Settlement Report.

EXAMPLE

In this example we will request an Account Settlement Report for a specified date range. At the end of the example you will find a layout of the resulting report.

STEP 1: ACTION

After selecting menu option 6 from the Main Menu, the Report Request Menu appears. Choose option 1 and press Enter.

SECTION 7.2

REPORT OF ACCOUNTS WITH END DATES

The Report of Accounts with End Dates lists all ASAP accounts pertaining to your organization which have an End Date, or last draw date, specified in the account profile.

The Federal agency which builds and maintains an ASAP account may choose to include an End Date as part of the account profile. The End Date indicates the last day on which a recipient may draw funds from a particular ASAP account. If an account has an End Date, the ASAP system will automatically change that account's status to Suspended when the system opens on the business day following the End Date. Payment requests and book entry adjustments may not be made against suspended accounts.

Note the distinction between an **End Date** and a **Budget Period End Date**, which also appears on the account profile. The Budget Period End Date may be used by the Federal agency to indicate the end of a time frame important to the grant or assistance agreement behind an ASAP account. One example for the use of the Budget Period End Date would be to indicate the last date on which a recipient may incur expenses under a grant or assistance agreement for later reimbursement. Within ASAP, the Budget Period End Date is strictly for information, and it does not appear on this report.

REPORT AND SCREEN FIELDS TO NOTE

The following fields appear on the report and/or the prompt screen:

- < **Requestor ID, Recipient ID, Agency Location Code/Region-** If you are logged on as a Payment Requestor, your Requestor ID will automatically appear on the prompt. These fields on the prompt screen allow you to specify a particular Payment Requestor and/or Recipient Organization to narrow the report results.
- < **From and To dates -** On the prompt and the report, these fields indicate the date range within which End Dates may fall. If you leave both dates blank on the prompt, the system will search for End Dates greater than or equal to the current calendar date.
- < **Fax or Bulkdata -** On the prompt, this indicates the method by which you will receive the report:

If you specify "F" for fax and provide a fax number, the report will be sent to that fax machine.

The report will be delivered to your fax machine within 24 hours of your request.

- < **Status -** On the report, indicates the account status as of the date of the report. Values are "O" for Open, "S" for Suspended, and "C" for Closed.

SECTION 7.3**CASH MANAGEMENT REPORTS**

The Cash Management Reports were designed to help Federal Agencies, Payment Requestors and Recipient Organizations with their monthly cash transaction reporting. The reports will assist users in determining draw patterns and number of days between settlement dates. Any ASAP user may request these reports. Information may be sorted by ALC/Recipient ID/ CFDA number or by ALC/Recipient ID/Account ID for a time period of up to 367 calendar days.

REPORT AND SCREEN FIELDS TO NOTE

The following fields appear on the report and/or the prompt screen:

- < **Agency Location Code/Region, Recipient ID** - These fields are required on the prompt screen. Either the Agency Location Code or the Recipient ID may be “all” but both cannot be “all”.
- < **CFDA, Account ID** - Either the CFDA or Account ID may be blank, but both can't be blank.
- < **From and To** dates - The date range is limited to 367 days.
- < **Fax or Bulkdata** - On the prompt, this indicates the method by which you will receive the report:

If you specify “F” for fax and provide a fax number, the report will be sent to that fax machine.

This report will be sent to your fax machine within 24 hours of your request.

EXAMPLE

In this example we will request a Cash Management report for one Recipient and all accounts for that Recipient for a specified ALC and date range. At the end of the example you will find a layout of the resulting report.
